

How to Access the Public Wi-Fi

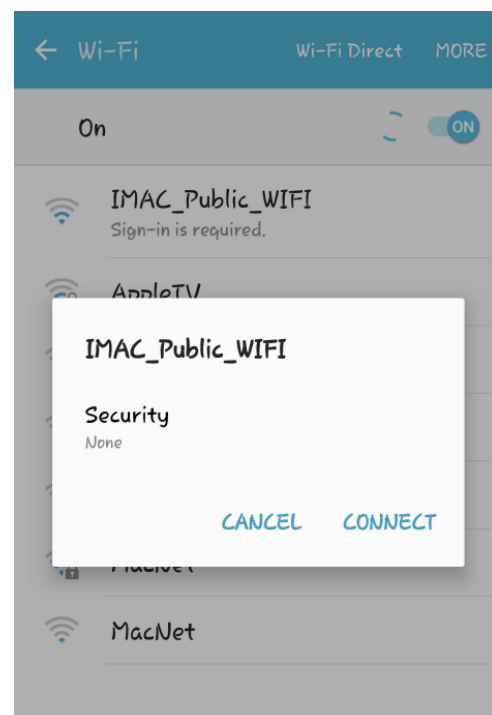

Members are welcome to join the IMAC_Public_WIFI connection to get free Wi-Fi on their phones and computers. Please follow the directions below to connect with the Immaculata public Wi-Fi.

Please keep in mind the images will vary depending on the device you are connecting from.

1. Using your device navigate to the Wi-Fi settings.

2. Select the connection IMAC_Public_WIFI from the connection list (see phone to the right).

3. Once you select the correct WI-FI you will need to connect (see image in lower right corner).

How to Access the Public Wi-Fi

Members are welcome to join the IMAC_Public_WIFI connection to get free Wi-Fi on their phones and computers. Please follow the directions below to connect with the Immaculata public Wi-Fi.

Please keep in mind the images will vary depending on the device you are connecting from.

4. Once you select to connect to the public WI-FI you will be sent to a different page to enter your email address for security purposes.

5. After you enter you email address the page may refresh and appear blank. Simply close the page and check your WI-FI setting again.

6. You may need to repeat the process of entering your email address if it does not work the first time.

7. You are successfully on the WI-FI once your device reads connected.
